DIRECTIONS

From the East (A47 from Norwich)

Travel towards Swaffham on the A47.

You will bypass Dereham, then five miles later travel through Great Fransham.

About two miles after Fransham, the road will straighten and go slightly downhill, which is the approach to Necton.

At the end of this straight, you will reach a turning left for Necton – turn into this village.

As you pass a garden centre, take the first turning on the left into St Andrews Lane. After about half a mile, the road forks - take the left - Ivy Todd Road.

Continue on the only road through this small village (Ivy Todd).

After $\frac{3}{4}$ mile, the road bends to the right, and then just as it bends back to the left there is a turning on the right. Turn into this road.

Westbrooke Barns are just a little further along on the right hand side. Please drive past the first gate, enter through the second gate, and please close the gate behind you.

IMPORTANT NOTE: Please drive carefully! As you approach Westbrooke Barns after leaving the A47, the roads are very narrow, often with grass growing up the middle - you might think you are driving down a lane into a field!

There are blind bends with few passing places, so we urge you to drive very slowly and take great care with directions. It might not be appropriate to trust your sat-nav - remember - you are escaping !!!!!!!
